Bluffton, IN 46714-2050

Re: Request for List of Vendors and Bidders for Bids and Projects

Dear Ms Davis:

This is a request for certain public records from your office pursuant to Indiana's Open Records Statute. We are requesting a list of all companies which have been vendors for Wells County at any point over the past 24 months. We would like any list you currently maintain or that can be easily compiled whether such a list is in the form of a vendors list, directory, index, register or other similar list. Additionally, as a second item, we are requesting a list of all companies which have been responded to bids put out by Wells County at any point over the past 24 months.

For any list, directory, index, or register responsive to either of these requests, please provide for each company as much of the following information as is already maintained or easily compiled: company name, address, contact person, email address, phone and fax numbers, website and other such information you would normally included on any such list.

We ask that your response be in an electronic format for ease of collection on your part and review on ours. If this information is not available in an electronic format, we would like to know what costs are associated with giving us the information in a hard copy. We would also like to inquire whether this information is accessible on an ongoing basis either directly from your office or somewhere online.

Thank you for your assistance in this matter. If you have any questions about these requests, please contact me by email at johnw@f2technology.com or by phone at 404-604-2284.

Best Regards,

John R. Wall
